I am to forward herewith the revised estimate called for in Government Memorandum cited. The Hon'ble the Judges consider that two fans, one over the bar-table for the members of the Bar, and another over the Judge's seat, are absolutely essential for the Court-hall. The provision of 2 fans in court-hall would dispense with the need for deputing process-servers for Punkah-pulling. The Electrical Engineer states that with the addition of one more fan the estimate will amount to Rs.1360/-

Buildings - South Kanara district - Provision of electr
- installation to the D.M.C., Udipi.

From the High Court, ROC.No.2706/49-D4, dated 4.4.49.

The High Court has forwarded for the administrative approval of the Govt. plans and estimates amounting to Rs. for provision of electric installation to the D.M.C., Udipi. It is stated that the Hon. the Judges have satisfied themselves that the work is necessary and have provided funds for the same in the budget for 1949-50 and that the proposal is pending for the last eight years.

2. In view of the high cost of labour and materials orders were issued in G.O.Ms.No.2967, Public Works, dated 1.10.47 deferring the proposal of the Board of Revenue for the electrification of residential and non residential Govt. buildings in places where electric supply was available. Govt. will, however, consider individual cases on their merits if absolutely necessary. Attention is also invited to ex H.Pr's minute extracted at (G) according to which all building schemes should be deferred for the present, only schemes which are very immediate being considered.

3. In the estimate on p.3 c.f., provision has been made for fans also which works out to Rs.540/- as against Rs.1110/- for lighting alone. The practice has been to cut out fans from the estimates and sanction provision for lighting alone. Recently, the High Court has strongly supported the request of the Calicut Bar Association for provision for fans in the civil courts at Calicut and has suggested that rent may be charged if the Govt. so desire, for providing fans in the Bar Association rooms.

4. Sanction has been accorded in the past for provision of electric installation omitting provision for fans to certain civil court buildings for the reasons that the court halls and clerks' rooms grew dark early in the evenings, that the provision of lights would add to the efficiency of the staff and that the amounts involved were small.

9.

5. For orders whether in the circumstances stated -- sanction may be accorded for the provision of electric installation to the D.M.C., Udipi inclusive of fans;

or

~~whether~~ fans may be cut out and sanction accorded ~~for~~ to lighting alone; / Fans might be cut out

or

the proposal may be deferred for the present in view of ex H.Pr's minute at ( ).

6. May be sent to Public Works and Finance for remarks.

Please see the notes of the Public Works and the Finance Depts on p. 2 supra. With ref. to 'k' in the note of the PWD dept. a draft memo. is submitted for approval.

(Issued as Memo. No. 29111-E/Jud-2 dt. 13-6-49 from the High Court, Roc. No. 2706/49-D4 dt. 6-6-49.)

This file deals with the proposal of the H. C. (for the) provision of electric installation to the D.M.C. (at Madiwala). As the proposal sent by the High Court included provision of some fans, ~~which was not in accordance with the policy decided in the matter by provision of electric installation to the court rooms~~ The High Court was asked to forward revised estimates for the above work providing fans for Lighting and fans for the Court Hall alone. It has accordingly sent the revised estimate amounting to Rs. 1140/- as against the original estimate of Rs. 1650/- It is stated that the Hon. the Judges consider the two fans, one over the bar table for the members of the Bar and another over the judge's seat are absolutely essential for the court hall and that the provision of 2 fans in the Court hall would dispense with the need for separate punkah pullers for punkah pulling. With the addition of one more fan the estimate would amount to Rs. 1360/-

2. For orders whether in the circumstances stated, administrative approval may be accorded to the work with two fans in the Court Hall in addition to lighting.

3. Public Works and Finance are requested for remarks before circulation.
